Re: Macy's at City Place
West Palm Beach, Fl

To whom it may concern,

I would like to express my gratitude for the efforts recently provided by Lotspeich Co of Florida, Inc on the Macy's project. It was a reassuring experience from both a field installation and an administrative perspective with regard to quality, time and cost management.

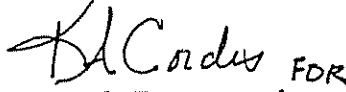

This Macy's store is an important landmark within the City Place Development. Lotspeich's maintenance of high quality while overcoming high interior walls, radiused surfaces and unforgiving expanses of detailed drywall ceilings impressed me (even after fifteen years experience with similar projects). The craftsmen produced this product so admirably that they bettered what I considered an ambitious schedule. During the award process and throughout the project both field and office actively participated in a grueling and continual value engineering process.

I am proud to say that "we" accomplished the client's and our goals together... High Quality, Time and Cost Management. My compliments to you Lotspeich Co of Florida, Inc -

This project would not have been the success it was without all of you.

Very truly yours,
