RE: Business Ethics Award Nominee – About Blind Cleaning Inc.

To Whom It May Concern:

I have become aware that About Blind Cleaning Inc. has been nominated for a Business Ethics Award from the BBB. I am writing to lend my earnest support to Jim & Mary Thomas and their crew at About Blind Cleaning. I believe you would be hard pressed to find a more deserving company.

I have known and worked with About Blind Cleaning Inc. for many years, and I recommend their company to my customers all the time. The feedback from my customers is always supperlative. The customers they serve are always treated honestly and professionally. Jim and Mary do the job better than you expect, and are truly great people to work with. Simply for the way they have treated my customers they deserve this award. But, I have been blessed to gain a unique perspective on About Blind Cleaning and their owners.

I have worked with Jim & Mary Thomas as a supplier and service provider, as a partner on projects, and as an enthusiastic supporter of their business. In the past I worked with Jim when I was employed by a supplier to About Blind Cleaning, and I had the opportunity to teach him about products. Jim has always been an enthusiastic learner. Jim would come in and we would look at blueprints and work out bids for projects together. About 18 months ago I purchased Selections Shutters, Blinds and Custom Drapery, and Jim has really been a great roll model and a mentor. Sometimes I think he is more concerned with the success of my business than with his own. Mary even offered to help cover my store and answer phone calls when I could not afford an assistant. They have even shared projects with me, and sent jobs to me that they could have handled themselves.

So, I encourage you to award this honor to About Blind Cleaning Inc. and Jim & Mary Thomas not only because they treat customers and suppliers honestly and with a humble grace, but because of the selfless way they have supported and taught this new business owner the way to do things right.

Sincerely,

Raymond F. Wheeler
